Longshore Boats and EdgeWater Powerboats President Peter Truslow to Unveil Highly Anticipated, Technically Advanced 368CC

New Vessel a Highlight of the Charleston Boat Show, Opening Jan. 23 at the North Charleston Convention Center

CHARLESTON, S.C., Jan. 12, 2015 – Longshore Boats and EdgeWater Powerboats launch the next generation of technically advanced, intelligently designed boats in the all new EdgeWater 368CC, Friday, January 23rd, 2015, at 1:00 PM at the [Charleston Boat Show](#), Booth “G”.

The new boat is shrouded in secrecy until the introduction date, but it will be a “must sea” according to Longshore Boats and [EdgeWater Powerboats](#), which are teasing the boat online with the hashtag #mustsea.

“This is an important boat. We’re excited that Peter Truslow, president of EdgeWater, will be here to unveil the 368CC to the world at the Charleston Boat Show,” said Tim Clark of Longshore Boats, which will also be exhibiting other EdgeWaters at The Charleston Area Convention Center, Booth “G”. “This boat has the right mix of incredible speed, ride quality, luxury, fish ability and looks to catapult it into the forefront of large center console boats.”

To help ramp up the excitement, [Longshore Boats](#) will raffle off a Garmin echoMap™ 70s GPS System, with the drawing held on Sunday, Jan. 25. For a chance to win, simply RSVP at <http://www.longshoreboats.com/mustsea> or at the [Facebook Event Page](#) and visit Booth “G” to register.
